

## **BENONI COMMUNITY POLICE FORUM**

Established in terms of Section 18 of the South African Police Act

### **Benoni Community Safety Forum**

**Date: 26 January 2009**

**To: Benoni SAPS**

**Att: Director Shirley Venter**

**Cc: Mr. Reza Patel ( CSF Chairperson )**

**Subject: Sector Management Sector 4 SCF**

Dear Director

As per our telephone conversation, please could you attend to the issue of our Sector Manager not attending the Sector meetings. He has not attended 2 meetings and the members of the sector are becoming increasingly worried that the communication between the sector and SAPS is breaking down.

Communication has broken down to a large extent between meetings as well, which is alarming to us. We feel that communication and working together within the Community is of as much importance to SAPS as it is to the Community, because together, we are a stronger force to be reckoned with by criminals and the likes.

Please understand that this is not a personal attack on Capt. Marweshe. We do not believe in only being negative, but these issues have been discussed before and we feel that it needs to be resolved urgently.

We would appreciate it if you could give us feedback about the outcome of our communication to yourself as soon as possible.

Looking forward to your positive response

Yours in Community Safety

Clive Patterson  
Chairperson Sector 4 SCF
